

**WHOLESALE**

**PRICE LIST 2019**

Thank you firstly for showing interest in our products and taking the time to look over our Wholesale Pricelist. I will quickly explain a little about our business before continuing on to the price list.

### **OUR STORY,**

My names Josh, I run a small boutique sawmill that specializes in the milling of recycled timber, mainly old railway sleepers. My passion for recycled timber is immense. The qualities and attributes that this timber hides is stunning. I love to be able to start with an old worn looking piece of timber which many folk would regard as 'firewood' then mill into what can then be called 'a piece of art'. This is a very satisfying and fulfilling business and I enjoy every moment of the work we do.

We are now getting to a stage where we have fine tuned our sawmilling processes and supply to a point where we now wish to move into a wholesale role where we can focus on production of our products and supplying it all over the world so even more people can enjoy this beautiful rewarding product.

I look forward to doing business with you and working together in the future.

Regards,  
Josh

## A GRADE DECKING BOARDS

PRODUCT CODE	DESCRIPTON	RETAIL
<b>DBA</b>	2150x200x20mm Fully Dressed on at least 3 faces minimum	<b>\$44.95</b>

### CHARACTERISTICS

Clean boards with just the holes from where the dog spikes were once in the sleepers to hold the railway line in place.

We can grade these in mixed colours or browns and reds

## B GRADE DECKING BOARDS
